

# May 29 – May 31 Task Summary

## Project #2 – Optical Marking System

### Team 7 Falcon

## Completed since last meeting

- Project Plan and video
- Repo setup

(These will be GitHub project board screenshots once development actually starts.)

## Currently in progress

- Design document and video

### Project Design Document Assignment

System Architecture Design: everyone

Use Case Models: everyone

Database Design: @Dima @Fran

Data Flow Diagram: (Level 0/Level 1): @Bennett @Paula (@ishika2824

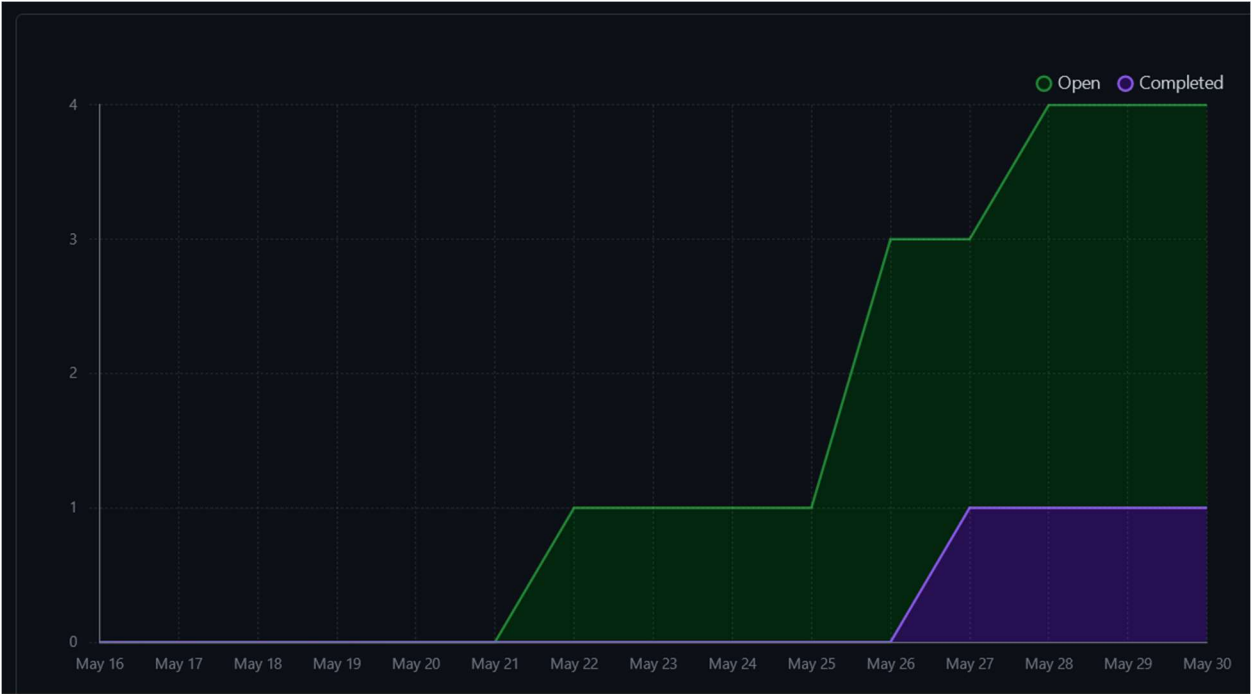

User Interface (UI) Design: @Dima @Paula @ishika2824
